I often dread having to make a phone call to organize services etc. This was not the case with Clear Choice Drain Solutions. Everything was easy! It was a pleasure speaking to Janette over the phone and text. I had same day service to have a garbage disposal inspected. Reynaldo showed up promptly and was very professional and honest. We had good conversation while he worked and he was also very good with my young kids. He managed to get our sink to drain but recommended a new disposal due to its age. Janette arranged for the replacement once we decided to go ahead. Our technician, Octavio arrived right on time as the job was squeezed in on a busy week. Again, very professional and a pleasure conversing with. He provided a small flash light to my 4yr old boy who was so happy to help out as his apprentice. He completed the job with ease and even gave my son a couple of toys in appreciation for his help. Day made! Thanks for amazing service and making everything easy!

I truly can't say enough wonderful things about this company. From the initial friendly customer service, to the attentive and quick efficient work, to the end result. During the work on my house, the company ran into some significant issues and they were not only so quick to thoroughly communicate the problem but also resolved it the same day. The company and employees are all beyond amazing and have phenomenal work ethics. I want to explicitly thank Joe Benvissuto, Roberto Ocegura, Horse Castro, Luis Cano, Arnulfo Martinez, Juan Martinez, Angel Garcia, Rafael Moreira, Rafael Alves, and the CEO Javier Oseguera - you are all the most honest and kindest individuals I have ever met. They are true to their core values of safety, integrity, quality, teamwork and customer service. I have had the honor to experience first hand how they truly care about their customers and I will always highly recommend this company to everyone and anyone.

I can honestly not say enough great things about this company - from the customer service, to the work and end result - TOP NOTCH, EXCELLENT WORK, BEYOND ACCOMMODATING, BENT OVER BACKWARDS TO HELP, KNOWLEDGEABLE, COURTEOUS, FRIENDLY STAFF, CLEANED UP AFTER WORK (MY SPACE WAS LEFT IN BETTER CONDITION THAN BEFORE THEY ARRIVED), EXCELLENT PRICE POINT (AMAZING SERVICE AND END RESULT FOR PRICE) - honestly not enough adjectives to describe the service I received. I would recommend this company to everyone and anyone - they helped me with a severe issue after I had reached out and was turned down by eight (8) companies prior. They stuck with me during a very serious plumbing issue which included dealing with several insurance companies - and most importantly - THEY FIGURED OUT AND SOLVED THE ISSUE. GREAT COMPANY TO WORK WITH - Laura Warren

Had Clear Choice do work at my home. Very impressed with their professionalism and honesty. Their word was their word, they gave me a written quote and when the job was done my invoice was the same as the quote. Josh, the Plumber was meticulous, knowledgeable and very efficient. Can't say enough, the whole experience was wonderful and painless. I would recommend Clear Choice to anyone.

I called Clear Choice Drain Solutions on a Sunday during a rain storm with a clogged driveway drain that was causing water to leak into my garage. They had a technician over to my house within an hour. Octavio was awesome; he had the drain cleared in no time, was clean and conscientious regarding my property, and gave me great advice about maintaining my drains going forward. I would absolutely recommend Clear Choice Drain Solutions!

A++++ Company! Another plumbing company jerked us and our tenant for a week, finally arrived and then tried to charge us \$700 to replace a garbage disposal. When we refused they wanted to charge us \$179 anyway. I fear this may be a trend among tradesmen as the next company I called also refused to provide even a ballpark quote. In contrast, Janette at Clear Choice quoted their price over the phone. The plumber arrived when promised and took care of the problem quickly. I paid the fee as quoted at \$185, which included the environmental fee. What a relief to deal with an honest and competent company! So grateful!

Spoke w Joe in the office and he was great. Explained my problem and he listened without trying to upsell me on any services that we didn't need. He happened to have a tech in the area and managed to get us scheduled in the same day. Octavio was the tech and was very helpful. I will absolutely be calling clear choice with any plumbing needs in the future.

I called Clear Choice Drain Solutions today for a clogged drain in one of my tenant spaces. They sent someone out the same day to resolve the issue. They were very straight forward with the cost and provided ample detail on what we should expect. The pricing is very reasonable. I will definitely call again when the next plumbing surprise occurs!

If you are on the fence about clear choice let me tell you look no further. I have used them for my business and personal plumbing, pipelining, carpet cleaning, and even ceramic and vct tile needs. I have never seen a company do such good work and leave the work site cleaner then it was when they arrived. I would like to thank all the employees of clear choice for such a wonderful experience and look forward to doing business in the future.

Great service!
Called them in the afternoon and had the problem fixed within a couple of hours. The plumber was very kind and explained everything before, during and after the cleaning. Overall, I'm very happy with this company and will definitely continue to work with them.

I do recommend this company. Javier, the plumber, is very professional and friendly. My project is unclogging a bathroom sink. Javier fixed it in 20 minutes and cleaned up everything. I definitely will use this company as my plumbing service again.
